Is the rest accurate?

Not sure who has the answer at their fingertips, but we are getting some back and forth on Rick's

testimony to the Ag Committee a few weeks back. One question is on the Salmonid Biops that were completed.

Ex. 5 - Deliberative Process

Is that right? if so, how many of those were actually implemented?

Thanks guys!!

Brian – can you take the lead? Just one question for us regarding NMFS BiOp on 29 chemicals.

Good morning everyone,

On Friday, OPP received pass back/comments from OMB, DOJ, DOC and DOI on our draft responses to the Sen. Ag. QFRs from Rick's hearing on May 11th. Rick responded to most of the comments, but would like EFED and FEAD to assist with responding to a few comments. I've highlighted the comments where we need your input in the version attached.

We're hoping to get this back to Sven soon. Thanks for your help.

My attempt to address most of the comments raised in the passback. We still need some help from EFED and FEAD.
